COMMUNITY MATTERS

at Oakwood Village University Woods

Oakwood strives to provide best-in-class service to all who come through our doors. Residents choose to call Oakwood home because Oakwood offers so much more than living space — it provides support to help them keep living their best lives, and opportunities to continue learning, growing, and enjoying the world around them.

As challenges come and go, our highly skilled team provides compassionate support so residents and their families have the perfect balance of confidence and freedom. Assisted Living and Memory Care at Oakwood offers a sense of security and safety for residents and loved ones, all located on one campus.

Put simply, we'll provide the support you need to thrive as you become a valued member of our community.

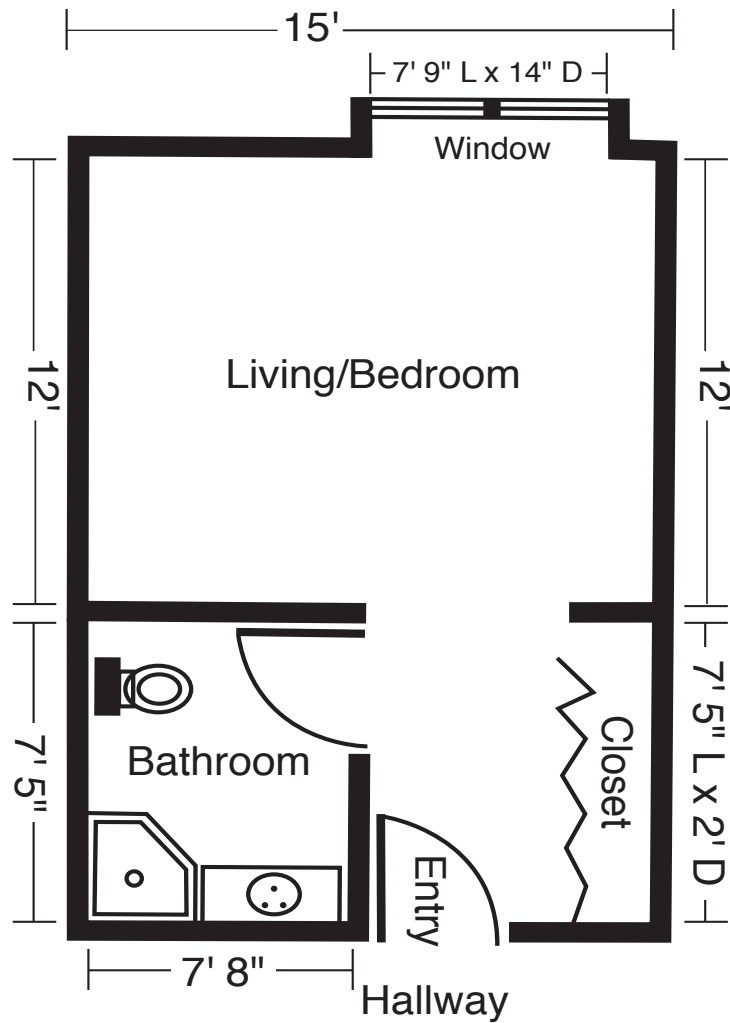

Tabor Oaks

Tabor Oaks provides a welcoming residence for those in need of assistance to continue living an active life. Assisted Living offers a blend of personal care, privacy, and an opportunity to build new friendships. A high staff-to-resident ratio enables residents to retain their independence and enjoy their lives in a setting of support, fun, and understanding.

Tabor Oaks

Resident Suite

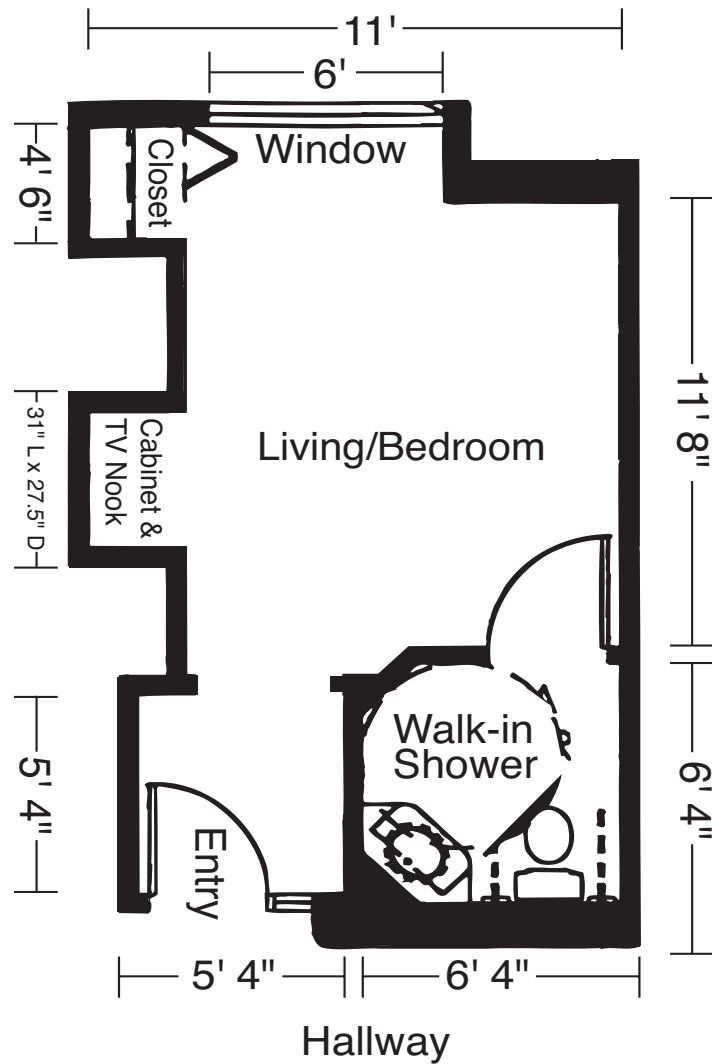

300 sq. ft. | 1 bedroom, 1 bathroom

Square footage provided is representative. Individual apartments may vary depending on location within the building.

Covenant Oaks

Covenant Oaks provides a memory care environment for residents diagnosed with dementia, memory loss, or Alzheimer's disease. This community-based residential facility offers a high level of personal care and assistance while also encouraging and supporting residents' independence. Life Enrichment programs are tailored to enhance each resident's creativity and individuality.

Resident Suite

200 sq. ft. | 1 bedroom, 1 bathroom

Square footage provided is representative. Individual apartments may vary depending on location within the building.

A Complete Continuum of Care

The staff at Oakwood Village University Woods is committed to ensuring that the individual needs of every resident are met. If care needs change and another level of care is needed, we will work closely with the individual and their loved ones to determine a care plan that's more suitable. Residents and their families take solace knowing that they have priority access to higher levels of care, should they ever be needed.
